SHELL LIBERTY HALL

PEACEFUL CITIZENS SLAIN BY STRAY BULLETS FIRED IN STREET WARFARE.

Western Newspaper Union News Service.

London, April 29.—The Dublin rebels have been driven out of their positions in St. Stephen's green with bombs after sustaining heavy losses, says the Daily News. Four hundred Irish rebels were made prisoners.

A dispatch to the Daily Mail from Dublin says that the rebel forces on Thursday numbered about 12,000, of which 2,000 were Larkinites and 10,000 were Sinn Feiners. There were a large number of peaceful citizens who were the victims of stray bullets in the heavy casualty list, the dispatch adds.

Liberty hall, the headquarters of the Sinn Fein Society in Dublin, was shelled by a gunboat during the rioting in the Irish capital, according to official statements given out in Belfast. Telegraphic and telephonic communication between Belfast and Dublin is still interrupted seriously. The Belfast News Letter says it understands the postoffice at Dublin has been retaken by the military forces.

Col. Dodd Close on Heels of One Band, and Other Hiding.

Columbus, N. M., April 29.—Villista scattered adherents are gradually being pushed to the wall, according to unofficial reports here as more men are being sent over the border to block coup by the Mexicans. These reports said that the remnants of the Villista army are fleeing wildly for cover, their morals broken, the men half starving and almost physical wrecks, with no thought but a haven of safety for rest.

So far as is known here, only two bands of any size remain under the Villa standard—one somewhere on the Durango-Chihuahua border and another in the mountains east of Guerrero. The rest of the command that attacked Columbus is said to have been scattered or captured by Gen. Pershing's soldiers.

Of the two bands in the field, it is known that Col. George A. Dodd, with a force of tried cavalrymen, is close on the heels of the one in the Guerrero district, which is said to total about 200 men under four chiefs. Last reports placed Col. Dodd at Minaca obtaining supplies, after defeating the band April 22.

Obregon, Carranza's war minister, and Generals Scott and Funston, representing the United States, it became known that the American officers have been instructed to attempt to work out in detail military plans for the cooperation of the Mexican and American troops in the dispersal of bandit bands, including a division of northern Mexico into spheres of activity for the two forces.
